Mr. Steven Mindt, Staff Environmental Scientist
California State Lands Commission
100 Howe Avenue, Suite 100-South
Sacramento, CA 95825

Project Title: AT & T Fiber Optic Cable Replacement Project

Dear Mr. Mindt:

The Mojave Desert Air Quality Management District has received the Notice of Intent to adopt a Joint Mitigated Negative Declaration for the AT & T Fiber Optic Cable Replacement Project. This project includes the installation of approximately 35 miles of a buried 4 1/2-inch, three-conduit bundled Fiber Optic Cable and ancillary support facilities, in existing rights-of-way between the California state line and Victorville, CA.

The District has reviewed the environmental documentation for the project and concurs that the Applicant-Proposed Measures for Air Quality represent feasible mitigation.

B-1

Thank you for the opportunity to review this planning document. If you have any questions regarding this letter, please contact me at (760) 245-1661, extension 6726, or Tracy Walters at extension 6122.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan J. De Salvio". The signature is written over a horizontal line.
